Bristol Elder Services, Inc.
1973—2023

Annual Report 2023
Bristol Elder Services, Inc.’s (Bristol) is proud to be celebrating 50 years of providing quality services to older adults, disabled individuals and their families. As the focal point for innovative action, we provide and advocate for community-based services that promote independence and dignity. The agency makes it possible for older adults and their families to access a comprehensive system of health and supportive services so that they can remain living in their homes. Our employees take pride in their work and are dedicated to meeting the needs of older adults in the community.

Our employees have persevered through the COVID-19 pandemic and a shortage of workers to provide home care services. The staff continues to fiercely advocate for those living in the 15 communities of Bristol’s Planning and Service Area.

Bristol began in 1973 with a $42,000 budget and has grown to $42,000,000 in revenue. We have had many accomplishments over the past year including adding more departments and reaching 157 full time employees, 15 Home Delivered Meals drivers and 8 Ombudsman volunteers.

We have always collaborated with local agencies and throughout the pandemic we have continued to build strong relationships with those agencies to further increase the health and well-being of our consumers, their families, caregivers and our staff. We look forward to continuing these partnerships so that we can expand our programs, services and supports.

We look forward to the next 50 years!

Bruce A. Thayer, MD
Chairperson

Sandra Frechette, BSN, RN
Chief Executive Officer
This is dedicated to our beloved Judy Klein. They say that those who touch our lives, stay in our hearts forever.

Judy was the Chief Executive Officer of Bristol Elder Services, Inc. (Bristol) from March 2022 to December 2022. Although her time as the CEO was brief, the impact she had was hugely felt throughout the community and our agency. Judy was deeply passionate about her career in social services. She loved the work that she did each day and worked late into the evening most days. She was a persistent, dedicated and devoted leader. She spent her entire career advocating for others.

Judy began working at Bristol in the 1980s working in various positions. She left Bristol for several years and held positions at South Shore Elder Services, the Executive Office of Elder Affairs and Senior Whole Health. She always remained active within the Elder Network by completing work as a consultant for various agencies, including Bristol. After several years, Judy returned to Bristol full time. She always held Bristol near and dear to her heart. Upon returning, she exclaimed, “I’m finally home”. She had a diverse career, but she knew that Bristol was where she belonged.

Judy was the Client Services Director for several years but transitioned into the role of Chief Operating Officer in 2013. She was influential in shaping many of Bristol’s policies and contributed greatly to the growth of the agency. Her contributions included opening the Nutrition Distribution Center, expanding the SCO Department, integrating the Home Care Department and strengthening the Protective Services and Nursing Units. She also wrote numerous grants that benefited the agency immensely. She should also be credited for successfully guiding and managing the staff and all departments through the COVID-19 pandemic. It was an unprecedented and challenging time for everyone, but Judy was strong through it all. She always led by example. She was a strong advocate for the staff at Bristol. Her influence with the staff shall always be remembered. Judy loved engaging and connecting with everyone. She had the best story telling ability, remembering even the slightest details. The staff enjoyed being in her presence because of her affable personality and positive energy. She was extremely intelligent and was an excellent business woman, but it was her humility and natural charm that connected her to others.

Amongst her many attributes, Judy was a wonderful teacher and mentor. She mentored every member of Bristol’s current Executive Leadership team. She taught us how to manage the internal agency operations, how to become effective leaders and to lead with compassion. The lessons we learned from her enabled us to navigate through difficult times, especially after her sudden passing. Because of the knowledge and experiences she shared with us, we were able to continue to lead and strengthen the agency in her absence. Her lessons, words, stories and humor live on in our hearts and shall continue to influence the work we do each day.

Judy was devoted to her career, but she truly loved her family the most. Her husband, Joe and her sons, Christopher and Matthew meant the world to her. She enjoyed watching the New England Patriots, cooking dinner, eating pizza, watching reality tv shows and listening to music. She also loved spending time with her cats. She always took time to appreciate the people and simple comforts in her life. She created many formal policies and procedures at Bristol, but her personal attributes are the things everyone will remember. We are thankful for the work she did on behalf of our consumers, staff and agency. She will live in our hearts forever as we proudly carry her legacy and everything she stood for into the future. Judy Klein loved Bristol Elder Services and we loved Judy Klein.
The Board of Directors

Bristol Elder Services, Inc.’s Board of Directors is comprised of community volunteers who offer their time and talents to help guide us in a positive direction. As Bristol Elder Services, Inc.’s governing body, the Board of Directors sets policy and carries out the functions of the agency. The corporation must operate within the framework of laws that authorize its existence, and the Board of Directors is legally responsible for ensuring that it does.

2022-2023 Advisory Council

The Advisory Council is comprised of representatives of community-based organizations. The group advises the Board of Directors regarding the development of a comprehensive and coordinated service system for older adults. Members provide feedback on identified community needs, offer ideas for improvement in services; assist with public hearings and suggest ways that we can best serve seniors and persons with disabilities.

The Board of Directors

Bristol Elder Services, Inc. is an open and affirming agency with a mission to improve the quality of life for elders, disabled individuals, and their families. All of our services revolve around the goal of maintaining independence and dignity. We achieve this by making it easier for individuals and their families to access a comprehensive system of long-term services and supports.

<td><strong>30 Years of Service</strong></td>
<td>Joyce Vangel was nominated and named Employee of Year by her peers for her professionalism, calm demeanor under pressure, and her tireless commitment to ensuring the Agency runs in a seamless manner. Joyce has been the face of Bristol for years greeting visitors and answering calls with a smile. She consistently goes above and beyond assisting with all administrative needs and in turn is an integral part of Bristol’s success to its mission. She is truly an asset. Joyce was also just recently promoted to Nursing Unit Clerk.</td>
